

Baby Checklist from Lily & Bliss

Bath Time

infant bath tub
washcloths
hooded towels
baby soaps, oil, shampoo, lotion, etc.
bulb syringe/nasal aspirator
rubbing alcohol
sterile cotton swabs (*ones made for baby's ears*)
brush and comb
nail scissors
bath toys

Optional:

spout cover (*needed when they get older for safety*)
bath mat (*needed when they get older so they don't slip & fall*)

On The Go

infant or convertible car seat
car seat head support
car seat protector
viewing mirror
car window shade
baby sling or carrier
stroller
diaper bag
pacifier container (*to store extra one in diaper bag*)
on-the-go changing mat
insulated bottle bag
shopping cart cover
travel Playard / Pack n' Play
Pack n' Play fitted sheets (*at least 2*)
diaper trash bags

Optional:

extra car seat base
snap & go strollers (*for infants*)
jogging stroller
lightweight stroller
car seat & stroller cover bags (*for air travel*)

Health & Safety

baby monitor (*if you travel a lot get an extra one*)
electrical outlet covers
safety locks for cabinets
safety gates
corner guards for tables
teeth guard for crib (*this will save you \$\$, kids like to teeth on the crib railing!*)
hand sanitizer (*I had one near the changing station, in the living room, by my bed and by the front door to remind visitors*)
thermometer
first aid kit
medicine dropper/spoon with measurements
infant acetaminophen
teething gel
vitamin D (*recommended by our pediatrician*)
saline nasal drops (*I like Little Noses*)
gentle laundry detergent
child SPF

optional:

toilet seat lock
*make sure your carbon monoxide & smoke detectors are working

Miscellaneous

TONS of batteries
pacifier clips
diaper caddy (*keep necessities for diaper changes to have in living room*)
mommy clip (*holds bags when shopping*)
books on breastfeeding, parenting, sign language and cooking
baby journal
birth announcements
thank you notes
black out screen for nursery window (*this helped my child stay asleep in the morning and during nap time!*)
light dimmer for nursery and/or master bedroom (*gives you light for nighttime feedings and diaper changes, but not bright light to keep the baby up*)

Notes:
